## DIZZINESS IS ANNOYING

As Many Norway People Know Too Well When the kidneys are weak or disordered, they fall behind in filtering the blood of poisons. As these poisons attack the nerves, the result is felt in spells of vertigo, just as drunkenness will make a man dizzy from the poisoning of alcohol. Dizziness, headache, backache and irregularity of the kidney secretions are all signs of weak or disordered kidneys and should not be neglected. Use Doan's Kidney Pills, the home-endorsed kidney remedy. Read this Norway resident's statement:

Mrs. Orville Palmer, Lower Main St., says: "Just recently I was suffering from disordered kidneys. My back was very painful and it made me restless at night. I was also dizzy. Everything seemed to turn around in the room. My kidneys didn't act regularly. My mother had used Doan's Kidney Pills with benefit, so I decided to go to Clark's Drug Store and get a supply. After using two boxes I was all right. I gladly recommend Doan's Kidney Pills, knowing them to be a good reliable kidney and backache remedy."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Palmer had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

## FRYEBURG

Fryeburg 12; Tamworth 6 Baseball game on field day at Fryeburg. Fryeburg won its sixth straight victory Saturday by trimming the Tamworth Tigers, 12 to 6. Jack Spratt, twirling for the locals, was never in danger after the first inning, keeping the hits widely scattered and not issuing a pass for the entire game. Stearns started for Tamworth, but was relieved by Leavitt in the second inning. During this session Shaw drove in three runs with a solid double to center. Fryeburg added four runs in the third, on two singles and a rapped work by the Tamworth infield. After the third, Leavitt steadied and pitched a masterful game, holding the Fryeburg sluggers in check and fanning nine men.

Mrs. Albina N. Martin, widow of William Martin, passed away at her home on Pigeon Hill, Wednesday morning, July 20, at the age of 78 years. Mrs. Martin was born at The Forks on the Kennebec river, April 7, 1843, the eldest child of Joseph and Cynthia (Goodrich) Noble. Two children died young and the youngest sister, Fannie, wife of Dennis Staples of Welchville, died five years ago.

Albina Noble and William Martin were united in marriage in Oxford, 53 years ago, by the late Rev. George F. Tewksbury. They were then living in the family of the late E. R. Holmes in East Oxford. After their marriage they went to live on Mr. Martin's place at Rumford Point, selling which, they purchased a farm in Bethel, where their three oldest children, Nellie E., Perley A., and Dennis L., were born. They later sold the Bethel farm and moved to Rumford where their son Orrin, and one other child who died in infancy, were born. The family moved to Pigeon Hill Oxford, 21 years ago.

Mrs. Martin had three tragedies in her life. When she was 19 years old she lost her father by drowning. Seven years ago, May 20, her eldest son, Perley, while blasting rocks on the farm was blown to pieces. During the last war Mr. Martin lived in constant fear that his remaining sons would be drafted. This thought so worked upon his mind that he became deranged, and during the night after their questionnaires were received, October, 1917, he hanged himself. His body was not found until noon upon the following day. Mr. Martin had seen 18 months service in the Seventh Maine Battery during the Civil War and was a member of T. A. Roberts Post, G. A. R.

Mrs. Martin was a member of T. A. Roberts' Woman's Relief Corps, having been transferred from Colby Corps of Rumford, 17 years ago. She was greatly interested in the order, but, owing to deafness and feeble health, she had not attended the meetings for several years. She had been a member of the Welchville Methodist Church since her residence in town, being admitted to membership by letter from the Rumford Center Methodist Church.

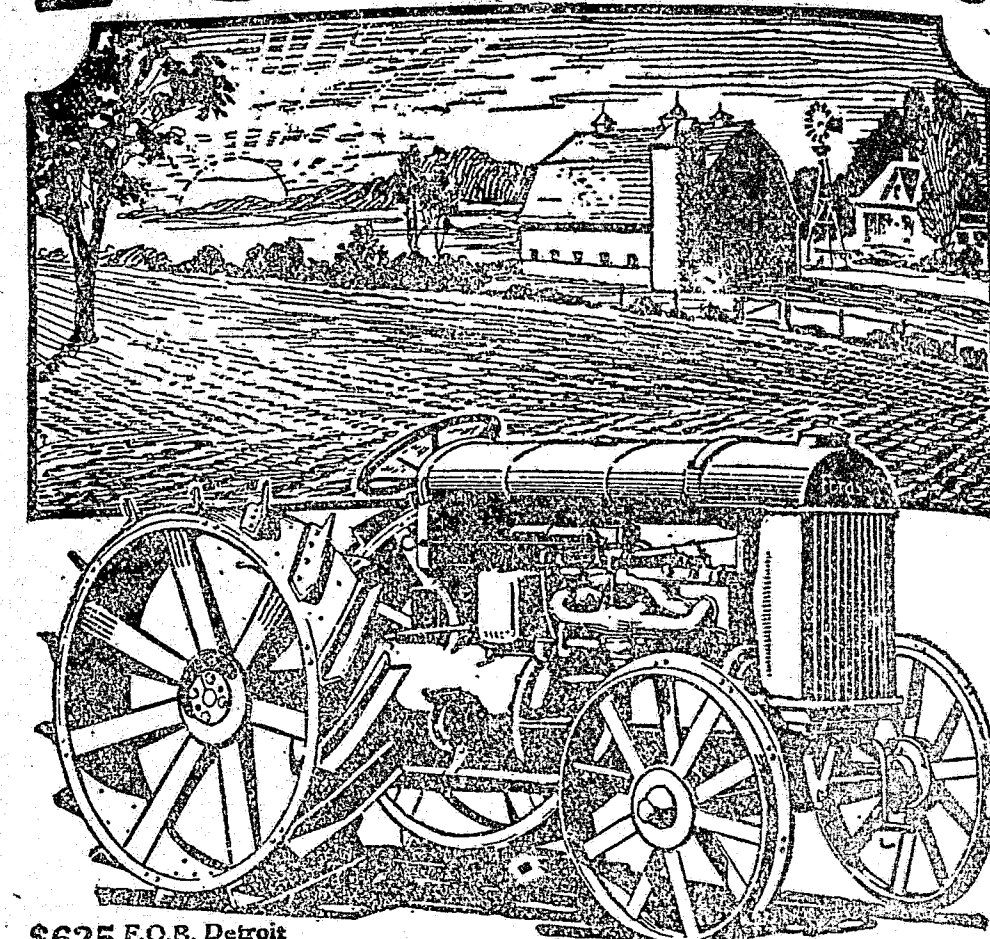

Mrs. Martin took her bed five weeks ago since she has been a great sufferer. The community by whom she was held in high esteem are saddened at her passing on. She leaves the two sons who made their home with her, her daughter, Mrs. A. D. Thayer, and one granddaughter, Isabel Thayer.

The funeral services were held at her late home conducted by Rev. D. L. Joslin, pastor of her church. Interment at Maple Grove Cemetery, Mechanic Falls.

## In 4 Trips Across America Essex 4 Times Breaks Record

*Fastest Time Between New York and San Francisco Beaten by 12 Hours, 48 Minutes  
New York - Chicago Record Also Falls*

Four Essex touring cars, carrying the first United States transcontinental motor mails, between New York and San Francisco, have set the time records for their respective directions across the American continent. The distance each car travelled was 3347 miles.

The New York to Chicago automobile record was also beaten.

The fastest Essex time was made from San Francisco to New York in 4 days, 14 hours and 43 minutes, breaking the record by 12 hours, 48 minutes.

### A Reliability Proof That Speaks for Every Essex

The average time for all four cars was 4 days, 21 hours. These records cover the actual time from the moment the cars were checked out of New York and San Francisco with U. S. Mail, until they checked in at their

respective destinations on opposite sides of the continent.

The purpose of this Essex test was to prove its reliability, not merely with one car, but with four. The closeness of the respective transcontinental time for the four cars, proves the consistency of performance and endurance that characterizes all Essex cars. Every requirement of motor car performance was met a thousand times by these cars, in their cross continent run.

Consider that hundreds of cars have attempted to break the transcontinental record. You have rarely heard of these attempts for the failures have not been given circulation.

Yet isn't it a remarkable and convincing proof of Essex ability and endurance that the only four Essex cars that ever challenged for the coveted transcontinental record were in every case successful?

*The foregoing announcement was published a year ago. It is republished today in celebration of the first anniversary of this memorable record, and because Essex position today remains unchanged and unchallenged. More than 50,000 owners know its endurance, service and quality.*

### ENJOYABLE TOUR

Tuesday, Aug. 2, farmers from all parts of Oxford County participated in an auto tour arranged for their benefit by the county Farm Bureau. There were 15 cars containing about 75 farmers and their wives.

The tour started at the farm of L. E. McIntire, livestock project leader, in Waterville. There they saw a large demonstration of New York flint corn standing 8 feet high, promising a yield of about 15 tons to the acre. Another field of second crop clover, 18 inches high, growing on a dry piece of land was a sight which was viewed with interest. The growth was partly due to an application of nitrate of soda after taking off the first crop. Mr. McIntire's large herd of pure bred Holstein cattle was the center of attraction.

From Waterville the tourists went to Oxford, where on the lawn of A. G. Hayes Farm Bureau secretary, basket lunches and hot coffee were enjoyed. Following the lunch hour Mr. Hayes' field of Maine 340 corn and a plot of New York flint corn, rising high above comparison varieties of red cob and leaming, were inspected. There were other interesting features including a lime demonstration.

Going on to Buckfield the crowd arrived at the large Chase orchards where several acres of 7 and 9 year old Wealthy and McIntosh trees, heavily laden with disease-free fruit, was a sight well worth witnessing. A short time was spent in the 4-acre orchard of the Conant brothers where an estimate of 800 barrels of apples will be harvested this year.

The last place visited was that of the Farm Bureau president, Wilson H. Conant, who showed the tourists his famous orchard of Northern Spies, and a smaller orchard of the same variety, trees eight and ten years old bearing considerable fruit this year. The orchard duster was also demonstrated by Mr. Conant and he talked briefly on the prospects of the development of farming in the county through the Farm Bureau organization.

**Twin Towns Players**

When an individual loses his head it is a simple matter to amuse him, but when two teams go crazy over baseball no ordinary gathering of sand lot players will suffice. So it has been necessary to gather together some of the best ball players in New England to satisfy the "bugs" of Norway and South Paris.

And these teams today are two of the best ball teams in the State. This is the verdict of all the visiting teams, and it has been made just such a place by the quality of the players, who have come here, among them the following:

On first base is Delphia Bissonette, better known throughout the State as "Del," for he has played semiprofessional ball with many of the fastest teams during the past few seasons. He was on the Georgetown College team, this season, as a pitcher, owing to an injured arm has been obliged to change his playing position. As a catcher of long hits he has excelled, and every visiting pitcher uses much care in selecting his offerings to him.

The second base is Delphia Bissonette, better known throughout the State as "Del," for he has played semiprofessional ball with many of the fastest teams during the past few seasons. He was on the Georgetown College team, this season, as a pitcher, owing to an injured arm has been obliged to change his playing position. As a catcher of long hits he has excelled, and every visiting pitcher uses much care in selecting his offerings to him.

MacDonald of Cambridge, Mass., a recent comer to the Twin Towns organization. MacDonald is an old Bates College player, and has played in many of New England's baseball hotbeds, last season playing with Newport, N. H.

At short, Carl Fuller, the Buckfield player, known the State over and considered to be Maine's leading short stop, plays the usual game that has made him famous.

George Kerrill of Haverhill, Mass., learned to play third base at Haverhill, and he has last none of the cleverness that he showed there.

In right field, Edward Loui, seasoned with the Philadelphia Athletics and with New England teams, has fielded to perfect percentage fortunate enough to secure him.

Norway's own son, Clayton Furlington, covers all the territory in left field. "Pudge," as he is better known, just finished his high school training and intends to enter Andover Academy, this fall.

Behind the bat is Captain Ralph "Dave" Masterman, the old Red Sox and Providence catcher. He, like Fuller and White needs little introduction to Maine baseball followers.

In the list of pitchers, there is Harry "Tim" Houghton of Newburyport, who pitched for Kent's Hill the past season. He was considered Maine's leading schoolboy pitcher by the majority of the sporting editors of Maine.

Alternating with Houghton is Claude Hunt, a Norway boy, who has played more games on the Oxford County Fair grounds than any other player. His long and excellent service has won him much favor with all the fans.

On Aug. 18, Norway and South Paris stage a baseball carnival, playing three games during the day, one in the morning and two in the afternoon. This carnival brings together Augusta, Packard Motors, West Paris and the Twin Towns A. A. The Augusta and Packard Motors teams need no introduction. The West Paris team is one of the fast outfits of the western part of the State and have defeated some of the best teams playing in that territory, this season.

The new porch at Hon. Bertrand G. McIntire's residence was dedicated and their son and daughter, Glenn B. and Kathleen, entertained. Music was provided by the graphophone. A delicious buffet lunch was served during the evening and a musical and social hour closed the festivities. Those in the party were the host and hostess, Mildred Noyes, Marion Gibson, Frances Bartlett, Nancy O'Nard, Norton Jilison, Harry Twitcheil, Leslie Gibson and Paul Hosmer.

Mrs. Irving Moffatt and daughters, Madelyn and Evelyn from Groveton, N. H., and Mr. and Mrs. McConnell of Groveton were the guests of Mr. and Mrs. Clarence L. Decoster and family Tuesday and Wednesday. Mrs. Moffatt was Josie Hayes and Mrs. McConnell was Gertrude Hayes, both lived in Norway on Pine street some years ago.

**THE TEMPLES OF GOD**

I love to stand beneath the pines, And watch my feet pine needles sod, And feel that all this glory mine, To stand in temple of our God.

The grandeur—strength and honesty Of pines so great—so grandly tall, To think that I may love it all.

When violet, crimson, gold and blue Fade slowly from the sunset Into sunset's hue.

Then all the world is tinged a dusky gray, Stand 'neath those trees, and wait and see The beauties there reflecting, And see if you don't love them, too, With the shades of night collecting.

V. G. B.

Bath Times: The one great trouble with lightning rods is that frequently they are not properly attached, or become loose and of no value, but rather a menace. Years ago about as many houses had lightning rods as now have telephones and the rods were in great demand. There was such a boom in that business that the manufacturers, or at least some of them, turned out a grade so cheap as to be of little or no value as a protective measure and these rods, sold and installed, by agents who took no pains in the installation and as a result the rods fell in disrepute. Good lightning rods, properly installed, are a great protection against lightning and their use is to be encouraged.

After all, there is a bond of sympathy between doctors and editors. The one doesn't care to take his own medicine, while the other seldom follows his own advice.

The first installment of "Barn Door Sketches," written by P. W. Sanborn, will appear in the next issue of the Advertiser.

Wallace Suffered Twenty-Six Years—Obtains Wonderful Results From Tanlac

"Not in years have I enjoyed such good health or felt so well generally as I do since taking Tanlac," said John L. Wallace, 160 Main St., Claremont, N. H.

"About twenty-five years ago I commenced having rheumatism, and as the years passed by I gradually grew to think that nothing could help me. Finally I at the factory, and for five years I was lame. I couldn't walk, and had terrible pains in my feet, arms and hands nearly all the time.

"My system was all out of order. I could scarcely eat anything, seldom ate a mouthful of breakfast and always felt so tired and weak I could hardly get on my feet. I was always taking medicine for constipation. I was so short of breath the least little exertion would tire me out completely.

"Well, I thought I would have to drag along this way all the rest of my days, but Tanlac has helped me so much I am never laid up any more. The pain has almost disappeared from my arms, hands and feet, and my appetite is just fine. I eat and relish all my meals and I feel stronger every day, and Tanlac is what has made this possible."

Tanlac is sold by A. L. Clark Drug Co., Norway; Stowell Bros., Locke's Mills; R. E. Pinkham, East Waterford; W. H. Brown, East Stoneham; Hall, Stone & Kimball, Lovell; H. L. Hinchins Co., North Fryeburg; L. R. Rounds & Co., Waterford, and P. G. Barrett, Weddellville, Me.

## BROWNFIELD

Mrs. Alice D. Frink  
Mrs. Alice D. Frink was buried from her late home in Brownfield, Monday afternoon, Aug. 8, where she has resided for the past 50 years. Rev. Hervey H. Hoot, pastor of the Universalist church of Hoopeston, Illinois, was the officiating clergyman.

Mrs. Frink was born, July 26, 1829, and died Aug. 5, aged 92 years. She was married July 29, 1855, to J. L. Frink, who died in 1914.

Directly after marriage they went to live in Prairie-du-Chien, Wisconsin, where their only daughter was born. Later they went to Leviston and from there to East Denmark where the son was born. In 1871 they moved to Brownfield where Mr. Frink began the practice of law. This has been Mrs. Frink's home for the past 50 years. For a number of years Mrs. Frink has been the Brownfield correspondent for the Norway Advertiser, which duty she has cared for faithfully until within a few weeks of her death.

In spite of her years she attended the last Memorial exercises, and at the September election did her duty at the polls. She is survived by her only daughter, Linna Allen, who most tenderly cared for her mother to the last.
